

**Department of Mathematics and Statistics
University of Hyderabad
Hyderabad**

DST – Fund for Improvement in S&T Infrastructure

Brief Outline Department

The department started in 1993. It currently has six Professors, six Readers and five lecturers. It also has one adjunct Professor and one Chaired Professor. It has four fellows of Academies. Its faculty have got several awards. Faculty have published in journals like Inventiones Math, Journal of the IHES, Pacific J, of Maths, J. of Number Theory, Proc of the AMS, J. of Fluid Mechanics, Quarterly J. of Maths, Advances in Maths, Compositio Math etc.

Teaching & Research Activities

It offers Integrated M.Sc.(5 year course), M.Sc. and Ph.D. courses in three streams – Mathematics, Applied Mathematics and Statistics/OR. During the years we had the FIST lab we replaced the Applied Maths stream by a Mathematics and Computing stream. This was later dropped. The department is particularly strong in research, particularly in Mathematics and Applied Mathematics.

Facilities Created

- (1) An IBM server (model P series 610/6EA) was bought for over 5 lakhs.
- (2) Ten thin clients were attached to the server.
- (3) Several sophisticated softwares were acquired including Mathematica 4.1 and Statistica.
